

QCP

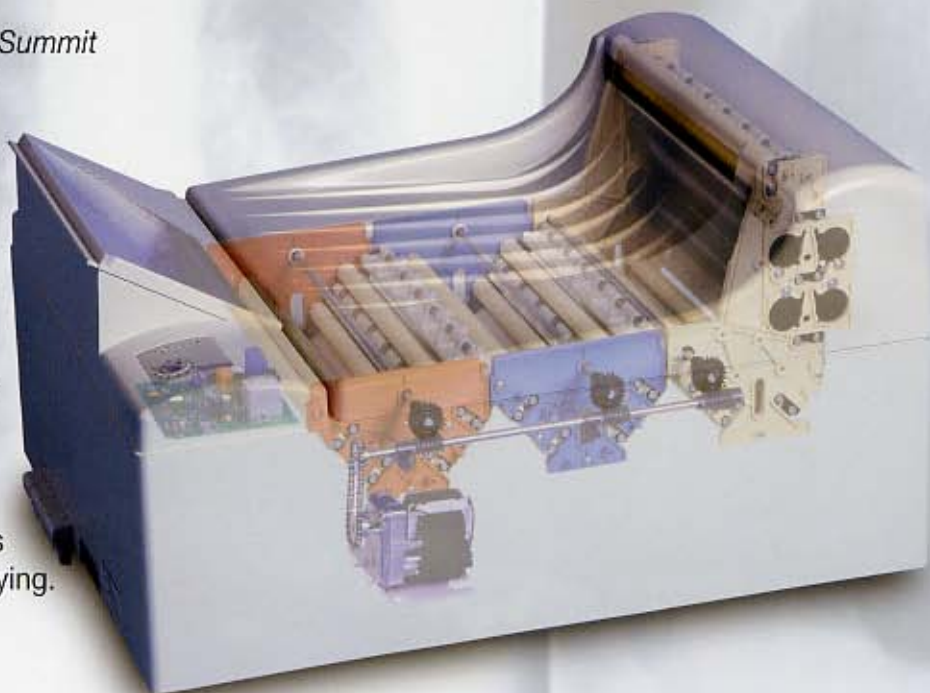

AUTOMATIC FILM PROCESSOR

***Easy Operation Produces
Quality Films Every Time.***

Consistent output combined with carefree operation... a processor so advanced... it's simple.

- To produce good films, just turn on the Summit QCP. State-of-the-art microprocessors control all operations and functions. Advanced anti-crystallization and anti-oxidation programs greatly enhance chemical quality.
- The end of film overlaps. The Summit QCP provides an automatic visual and audible signal when it's ready to accept another film.
- Quality images... film after film. The unique integral warm-air dryer produces even, consistent film processing and drying.

Chemical handling is easier, cleaner and safer.

- Chemical tanks can be filled automatically. No more spills on the dark room floor.
- Uniform, one-piece casing eliminates leaks between tanks.
- Easily accessible drain valves provide quick, safer emptying of tanks.

Operator-friendly features help even the inexperienced perform like experts.

- The processor's cover remains closed and "light tight" while films are being fed. Operator can leave the room during processing.
- A grooved cradle top catches fully processed films, making retrieval quick and easy.
- The on/off switch is up front for easy, immediate access.

The Summit QCP fits comfortably into even the smallest darkroom space.

- The amazingly compact size makes this processor ideal for virtually any clinical setting or location.

Technical Specifications:

• Compact Size (L/W/H)	30" x 23" x 16.5"
• Speed	105 Seconds
• Developer Temperature	89-98°F
• Processing Capacity	14" x 17" - 62/hour
• Film Type	Sheet or Roll
• Film Format (min/max)	4" x 4" / 14" x ∞
• Tank Capacity (D/F/W)	1.3 gallons
• Replenishment Tank Capacity	6.6 gallons
• Energy Consumption	1.4 kWh during processing .12 kWh during stand by
• Water Consumption	.5 gallons/min during processing 0 gallons during stand by
• Weight (empty/filled)	77 lbs/ 110 lbs.
• Electrical Requirements	110-120 volts, 15 Amps
• Plumbing Connection	3/4"; 29-145 psi
• Parts Warranty	2 years
