ImagePilot Sigma – the entry level digital radiography solution

The All-In-One digital radiography solution specifically for low-volume practices that take their diagnostic imaging seriously.

Standard ImagePilot Features:

- All-In-One Design—Easiest for the staff to learn. Reduces IT support requirements.
- AutoPilot—Automatic image processing for unsurpassed consistency in image quality.
- Simplified Image Acquisition—Single click workflow increases productivity.
- Same User Interface At Every Workstation—learn only one system.
- Easy-To-Use And Feature Rich Viewing Screen—Image adjustments, annotations, measurements, inputs and outputs, customizable for basic to advanced users.

ImagePilot Sigma Highlights:

- REGIUS Sigma Tabletop CR Reader —25 or 45 cassettes per hour
  —Flexible plate technology for compact design and cost effectiveness
- Small 20"W x 24"D x 14"H
- Light weight—under 70 pounds
- Reliable—very few replacement parts
- Touch Screen capable—easy operation
- Inform ity ready!

The essentials of imaging

**Software Features**

**Patient Registration**

- Manual - data entry
- Automatic-Worklist
- Toolkit (includes DICOM MWL)

**Image Input**

- AutoPilot Image Processing
- Import images from CD/DVD, USB/folder-DICOM/JEPG
- Additional DICOM Modality Acquisition

**Image Review Tools**

- View, Annotate, Measure
- Report Tool (requires office)
- Simple Note Tool

**Image Output**

- Export images to CD/DVD w/ DICOM viewer or to folder
- Multi-patient Export to CD/DVD or files
- Print - Windows Printing
- DICOM Print (first target)
- DICOM Store PACS (first target)

**Distributed Workflow**

- Concurrent Users
- Max # of authorized client computers
- Remote Viewing (IP client with compressed previews)

**Advanced Connectivity**

- Worklist Toolkit - DICOM MWL
- DICOM Query Retrieve (SCP or SCU)
- EMR Integration (i.e. HL7)

**Features and Specifications are subject to change without notice.**

Minimum Specifications for ImagePilot Client PCs:
- Computer: Pentium IV 2.66GHz, 2GB RAM, 160GB, CD/DVD RW.
- Display: Minimum resolution of 1280x1024.
- OS: Windows XP PRO SP2 or SP3, Vista, Windows 7 (32-bit only for all OSs)

Note: Increased PC specifications may be recommended when other software applications are also in use on the same PC. Antivirus software is recommended but should be set in accordance to Konica Minolta’s Antivirus Policy and Installation Guidelines for optimum performance.
